CERTIND POLICY CONCERNING THE TRANSITION TO THE REQUIREMENTS OF ISO/IEC 27006-1:2024

In March 2024, the International Organization for Standardization (ISO) published ISO/IEC 27006-1:2024 - Information security, cybersecurity and privacy protection — Requirements for bodies providing audit and certification of information security management systems. Part 1: General.

According to International Accreditation Forum (IAF) mandatory document IAF MD 29:2024 - TRANSITION REQUIREMENTS FOR ISO/IEC 27006-1:2024, the transition period is of 24 months from its publication – 31 March 2026.

In the following period, CERTIND will implement the requirements of ISO/IEC 27006-1:2024.

Certind SA will request the transition of accreditation to the requirements of ISO/IEC 27006-1:2024 standard until the end July, 2025.

After obtaining the accreditation, CERTIND will use the requirements of ISO/IEC 27006-1:2024:

- for all new clients requesting certification according to SR EN ISO/IEC 27001:2023/ ISO/IEC 27001:2022;
- for certified clients, on the occasion of the next planned surveillance audit, but no later than 31.03.2026.

Note: Because the requirements for audit time determination have changed in the 2024 edition, the agreement signed between Certind and the client certified according SR EN ISO/IEC 27001:2023/ ISO/IEC 27001:2022 may be revised to meet the new requirements in the following situations:

- *on the occasion of the next surveillance audit after obtaining the accreditation, based on an additional act that identifies the changes;*

or

- *at the latest at the first recertification audit after obtaining the accreditation, even if the recertification audit takes place after the end date of the transition (31.03.2026).*
